**Re: CY2012 Tribal Government Engagement - Annual Reporting Obligation Form 481, Line 900**

Verizon has continued its program of Tribal Government Outreach in CY2012. This document memorializes the activities we have undertaken in fulfillment of the obligations that were established in the USF/ICC Transformation Order.

Verizon provides wireline service on or near federally recognized tribal lands in the states of California, Florida, Massachusetts, New York, and Rhode Island. In October 2012, Verizon sent meeting requests to each federally recognized tribe where Verizon is designated as an Eligible Telecommunication Carrier, encouraging face-to-face meetings between our executives and respective tribal leadership. These letters are included in Attachment A. In December 2012, Verizon sent a second round of letters to tribal leaders following-up on our offer to engage and encouraging participation from all tribes. These letters are also included in Attachment B.

The Oneida Tribe accepted Verizon's offer to meet. A collaborative engagement meeting was scheduled and subsequently held at the Oneida's Verona, NY offices on November 30, 2012. The Oneida Tribe was represented by Ray Hallbritter, CEO, while Verizon was represented by Jim Gerace, VP – Public Policy and David Lamendola, Director – Public Policy. The meeting was both constructive and engaging, touching on topics that included the telecommunication needs of the Oneida Nation, possible partnerships / grants, and future business opportunities.

In addition to the aforementioned engagement meeting, the CA Big Pine Paiute Tribe and the CA Karuk Tribe requested meetings with Verizon that were subsequently scheduled to occur in 2013. Those meetings will be detailed in Verizon's CY2013 annual report.

All statements of fact contained herein are true, complete, and correct to the best of my knowledge, and are made in good faith.

Mr. Kenneth Wright  
President – Round Valley Reservation  
77826 Covelo Road  
Covelo, CA 95428

Dear Mr. Wright:

I would like to invite you and senior Tribal government leaders to meet with an empowered executive from Verizon to review the current and proposed services that Verizon provides and to address any matters that you would like to discuss. The following agenda should provide an appropriate framework to facilitate a useful and productive discussion:

- Current and Proposed Services
- Service Procurement and Sustainability
- Opportunities for Working Together
- Tribal Licensing Requirements

We would like to schedule a meeting with you in the very near future at a location that is convenient for you and any other members of your tribal government that have an interest in participating in such a meeting. Please respond to Brad Wright at [brad.wright@verizon.com](mailto:brad.wright@verizon.com), or at 972-718-1740 to finalize a meeting location and date. We look forward to forging a meaningful and beneficial relationship with you and your members.

I also wanted to be sure that you and your members are aware of a government assistance program known as tribal Lifeline or Native American Lifeline. The enhanced tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Verizon California Inc. Through this program, local service is available to qualified individuals for as low as \$1.00 per month. In addition, eligible individuals can also save up to \$100 on the cost of getting new phone service installed through the Link Up program.

In order to qualify for tribal Lifeline benefits an individual must be a resident of a federally recognized reservation and show proof that you participate in certain government assistance programs. Some states may have other eligibility criteria, like General Public Assistance and Emergency Aid programs that would also qualify an individual living on a reservation for support.

REDACTED FOR PUBLIC INSPECTION

The Lifeline program is limited to one discount per household. Therefore, customers are required to certify and agree that no other member of the household is receiving Lifeline service from Verizon or another communications provider. Consumers who willfully make false statements in order to obtain the benefit can be punished by fine, imprisonment, or may be barred from the program.

To order tribal Lifeline in your area, you may download an application for Lifeline service at [www.verizon.com/lifeline](http://www.verizon.com/lifeline) or contact Verizon at 1 800 VERIZON. To find out more information, you may also call the Universal Service Administration Company (USAC) which administers Lifeline for the FCC by calling (888) 641-8722 or by accessing their website at [www.LifelineSupport.org](http://www.LifelineSupport.org).

We look forward to seeing you and your Tribal leaders soon.

Sincerely,

- Opportunities for Working Together
- Tribal Licensing Requirements

We would like to schedule a meeting with you in the very near future at a location that is convenient for you and any other members of your tribal government that have an interest in participating in such a meeting. Please respond to Brad Wright at [brad.wright@verizon.com](mailto:brad.wright@verizon.com), or at 972-718-1740 to finalize a meeting location and date. We look forward to forging a meaningful and beneficial relationship with you and your members.

I also wanted to be sure that you and your members are aware of a government assistance program known as tribal Lifeline or Native American Lifeline. The enhanced tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Verizon California Inc. Through this program, local service is available to qualified individuals for as low as \$1.00 per month. In addition, eligible individuals can also save up to \$100 on the cost of getting new phone service installed through the Link Up program.

In order to qualify for tribal Lifeline benefits an individual must be a resident of a federally recognized reservation and show proof that you participate in certain government assistance programs. Some states may have other eligibility criteria, like General Public Assistance and Emergency Aid programs that would also qualify an individual living on a reservation for support.

REDACTED FOR PUBLIC INSPECTION

The Lifeline program is limited to one discount per household. Therefore, customers are required to certify and agree that no other member of the household is receiving Lifeline service from Verizon or another communications provider. Consumers who willfully make false statements in order to obtain the benefit can be punished by fine, imprisonment, or may be barred from the program.

To order tribal Lifeline in your area, you may download an application for Lifeline service at [www.verizon.com/lifeline](http://www.verizon.com/lifeline) or contact Verizon at 1 800 VERIZON. To find out more information, you may also call the Universal Service Administration Company (USAC) which administers Lifeline for the FCC by calling (888) 641-8722 or by accessing their website at [www.LifelineSupport.org](http://www.LifelineSupport.org).

We look forward to seeing you and your Tribal leaders soon.

Sincerely,

- Tribal Licensing Requirements

We would like to schedule a meeting with you in the very near future at a location that is convenient for you and any other members of your tribal government that have an interest in participating in such a meeting. Please respond to Brad Wright at [brad.wright@verizon.com](mailto:brad.wright@verizon.com), or at 972-718-1740 to finalize a meeting location and date. We look forward to forging a meaningful and beneficial relationship with you and your members.

I also wanted to be sure that you and your members are aware of a government assistance program known as tribal Lifeline or Native American Lifeline. The enhanced tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Verizon California Inc. Through this program, local service is available to qualified individuals for as low as \$1.00 per month. In addition, eligible individuals can also save up to \$100 on the cost of getting new phone service installed through the Link Up program.

In order to qualify for tribal Lifeline benefits an individual must be a resident of a federally recognized reservation and show proof that you participate in certain government assistance programs. Some states may have other eligibility criteria, like General Public Assistance and Emergency Aid programs that would also qualify an individual living on a reservation for support.

The Lifeline program is limited to one discount per household. Therefore, customers are required to certify and agree that no other member of the household is receiving Lifeline service from Verizon or another communications provider. Consumers who willfully make false statements in order to obtain the benefit can be punished by fine, imprisonment, or may be barred from the program.

To order tribal Lifeline in your area, you may download an application for Lifeline service at [www.verizon.com/lifeline](http://www.verizon.com/lifeline) or contact Verizon at 1 800 VERIZON. To find out more information, you may also call the Universal Service Administration Company (USAC) which administers Lifeline for the FCC by calling (888) 641-8722 or by accessing their website at [www.LifelineSupport.org](http://www.LifelineSupport.org).

We look forward to seeing you and your Tribal leaders soon.

Sincerely,
